Hiring Manager

PwC Acceleration Center India

Dear Hiring Manager,

I am writing to express my keen interest in the Gen AI Architect - Senior Manager position at PwC Acceleration Center India, as advertised. My extensive experience in software architecture, coupled with a proven track record of driving innovation and delivering impactful solutions, aligns perfectly with the requirements outlined in the job description.

Throughout my 19+ years in the technology industry, I have consistently demonstrated the ability to lead and develop high-performing teams, implement cutting-edge technologies, and optimize processes to achieve significant cost savings and efficiency gains. My experience at Dell.com, where I spearheaded the adoption of microservices and implemented event-driven architectures using Confluent Kafka, resulting in a 30% reduction in operational costs, showcases my ability to leverage innovative solutions to drive tangible business value. My background includes building and leading CoEs, and delivering solutions using offshore teams. My expertise in cloud computing frameworks, particularly AWS and Azure, combined with my deep understanding of the Software Development Lifecycle (SDLC) and Agile methodologies, positions me to effectively design and build robust data infrastructure and systems for PwC's clients. I am particularly drawn to PwC's focus on leveraging advanced technologies and techniques to transform raw data into actionable insights, and I am confident that my skills and experience in AI practice and delivery, including my experience with GCC models, would enable me to make a significant contribution to your team.

I am eager to learn more about this opportunity and discuss how my skills and experience can benefit PwC Acceleration Center India. Thank you for your time and consideration. I look forward to hearing from you soon.

Sincerely,

Arijit Bhattacharya
